Professional Summary

Aspiring Full Stack Developer with a robust foundation in the MERN stack (MongoDB, Express.js, React, Node.js). Eager to apply strong problem-solving skills and a passion for web technologies to contribute to innovative projects and build high-quality, responsive applications. Experienced in developing scalable CRUD applications and committed to continuous learning in data structures and algorithms.

Work Experience

MERN Stack Developer Intern

3 Months

FRANMAXINDIA PVT

Ahmedabad

- Contributed to the development cycle utilizing the MERN stack, gaining practical experience in production environment workflows.
- Assisted in the implementation of API endpoints using Node.js and Express.js to handle business logic and data exchange.
- Developed responsive and interactive user interfaces using React.js and modern styling techniques.
- Managed and manipulated database structures using MongoDB, ensuring data integrity and application functionality.

Technical Skills

Frontend:
HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, Next.js

Backend & DB:
Node.js, Express.js, MongoDB

Tools & Platforms:
Git, GitHub, VSCode, RESTful APIs

Projects

Task Manager App

Full Stack MERN Application

- Developed a full-stack CRUD (Create, Read, Update, Delete) application using the MERN stack.
- Built a dynamic and intuitive user interface with React.js to manage tasks effectively.
- Implemented a robust Node.js/Express.js backend for API management and routing.
- Utilized MongoDB for persistent and scalable data storage.

Personal Portfolio Website

Frontend Development

- Designed and built a fully responsive personal portfolio using modern HTML5, CSS3, and JavaScript.
- Effectively showcases projects, technical skills, and professional experience to potential employers.
- Focus on clean, semantic code and optimal cross-device performance.

Education & Professional Development

Bachelor of Engineering - Computer Engineering

Gandhinagar Institute of Technology, Gandhinagar

1 Year Full Stack Development (MERN) - Self-Study

2024

Focused Self-Study Program

- Completed comprehensive study covering the full MERN stack, including advanced topics in Data Structures and Algorithms.
- Gained practical proficiency in using Git and GitHub for version control and collaborative development.

Soft Skills & Interests

Core Soft Skills

Problem Solving | Effective Communication | Collaborative Teamwork | Adaptability

Languages & Activities

Languages: English (Fluent), Hindi (Fluent), Gujarati (Native)

Interests: Playing the flute and guitar, Swimming, Reading technology books
